

Around The World By Train

ALL ABOARD – WE'RE OFF TO SEE THE WORLD!

In Around the World by Train, comedian, actor and author, Sir Tony Robinson, takes his witty sense of humor and unique perspective on the road or rather - on the rails – as he embarks on a whirlwind journey around the globe.

Jumping on and off trains across Europe and then heading east through India, Thailand, Malaysia, Australia, Japan and finally the USA, along the way Sir Tony disembarks to experience and explore the things that fascinate him most.

Whether it's mastering the art of herding camels by a helicopter in the Australian outback, accompanying the musical parade through the streets of New Orleans or abseiling an enormous tree in the Malaysian rainforest, Sir Tony captures the traditions, customs, and every culture's unique way of life on camera.

In the second season Sir Robinson travels to Spain and Portugal, Argentina, Chile and Peru, Canada, Scandinavia and more! Come see the world like never before!
