

The Lesbian Guide To Straight Sex

CAN FOUR LESBIAN 'LOVE GURUS'
TURN OUR STRAIGHT COUPLES' LOVE LIVES AROUND?

With studies showing that lesbians have sex for longer and experience more orgasms than straight women, can heterosexual couples learn a thing or two from their female gay counterparts?

In this ground-breaking new factual entertainment show, two straight couples who want to improve their sex lives embark on a radical new approach and let four lesbians loose on their love lives.

Each of the squad brings their own expertise to proceedings:

Gen is expert on the psychology of sex;

Ali H the master of anatomy;

Jade the fashionista and sex toy aficionado;

and Maria the Queen of body confidence.

Armed with tips, master-classes and demonstrations, nothing is out of bounds for our squad of lesbians - from cunnilingus to sex toys, erotic talk to using strap-ons - as they look to share their knowledge and experience.

Will our lesbian love gurus help the earth move for our straight couples, and turn their love lives around?
